

Comparative Perspectives: International Studies in Higher Education

A Comprehensive and Engaging Resource for Anyone Interested in the International Dimensions of Higher Education

Higher education is increasingly becoming a global enterprise. Students, faculty, and administrators are now more mobile than ever before, and the internationalization of higher education is having a profound impact on the way we think about and deliver education. Comparative Perspectives: International Studies in Higher Education provides a comprehensive and engaging overview of the international dimensions of higher education. This book is essential reading for anyone interested in understanding the challenges and opportunities facing higher education in the 21st century.
