A Dystopian Western Setting Like No Other

In a world torn apart by war and strife, East Of West unfolds in a desolate landscape known as the American West. This is not the Wild West you know, but a dark and twisted reflection, where technology has advanced alongside the horrors of warfare.

In this harsh and unforgiving land, four nations - The Union, The Confederacy, The Native American Tribes, and The Kingdom - wage a relentless battle for dominance. Each nation is led by a powerful Horseman of the Apocalypse, who wields immense power and commands supernatural abilities.

A Cast of Complex and Unforgettable Characters

At the heart of East Of West lies a cast of characters as compelling as the story itself. From the enigmatic and ruthless Death to the tormented War, from the cunning Pestilence to the enigmatic Famine, each Horseman embodies both awe and fear.

But beyond the horsemen, a host of lesser characters, each with their own motivations and desires, weave intricate and compelling subplots. From the cunning politician Bellweather to the enigmatic prophet Sister, from the loyal soldier Francis to the enigmatic assassin Ambrose, the characters of East Of West will stay with you long after you finish reading.
