This book offers a unique glimpse into the lives of the furriers, merchants, and workers who made Leipzig the 'fur capital' of Germany. Based on extensive archival research, it traces the development of the industry from its early days as a cottage industry to its transformation into a major international business.

The book also examines the social and economic impact of the fur industry on Leipzig. It shows how the industry created jobs and wealth for the city, and how it shaped the lives of the people who worked in it.

**Inside the German Fur Capital is a valuable contribution to the study of German economic and social history. It is also a fascinating read for anyone interested in the history of fashion and luxury goods.**
