In the dystopian society of Ally Condie's *Reached*, the government controls every aspect of life, from the moment of birth to the moment of death. Citizens are assigned their jobs, their homes, and even their spouses. Love is a forbidden transgression, and any sign of rebellion is swiftly punished.

Cassia Reyes is a seventeen-year-old who has always followed the rules. She has never questioned the Society's ways, and she has always believed that her Match, Xander, is the perfect partner for her. But when she meets Ky Markham, a mysterious boy who lives outside the Society's walls, everything she thought she knew is turned upside down.

Ky shows Cassia a world beyond the Society's control, a world where people are free to love and live as they choose. Cassia is torn between her loyalty to the Society and her growing feelings for Ky. She must decide whether to risk everything for a chance at freedom and love.
