

The Bush Dynasty: America's Invisible Government and the Hidden History of the Elite

The Bush family is one of the most powerful and influential families in American history. For generations, they have held positions of great power and influence in government, business, and the military. But behind the scenes, the Bushes have also been deeply involved in the intelligence community and the secret societies that wield enormous power over American life.

In his groundbreaking book, The Bush Dynasty, author Craig Unger reveals the hidden history of the Bush family. Based on decades of research, Unger uncovers the truth about the Bushes' rise to power, their secretive

connections to the intelligence community, and their role in shaping American foreign policy.

Unger begins his story with the patriarch of the Bush family, Prescott Bush. A wealthy businessman and Wall Street insider, Prescott Bush was a close associate of the Rockefellers and the Harrimans. He was also a member of the Skull and Bones society, a secret society at Yale University that has produced many of America's most powerful leaders.

Prescott Bush's son, George H.W. Bush, followed in his father's footsteps. He served as a congressman, ambassador to the United Nations, CIA director, and vice president under Ronald Reagan. In 1988, he was elected president of the United States.

George H.W. Bush's son, George W. Bush, also became president of the United States. He served from 2001 to 2009. During his presidency, George W. Bush launched the War on Terror, which has led to the deaths of hundreds of thousands of people around the world.

The Bush family's ties to the intelligence community run deep. George H.W. Bush was a CIA director, and George W. Bush has close ties to the FBI and the CIA. The Bushes have also been involved in the Bilderberg Group and the Trilateral Commission, two secretive organizations that bring together the world's most powerful leaders.

Unger argues that the Bush family is part of a hidden elite that controls American life. This elite is composed of wealthy families, powerful corporations, and the intelligence community. They work together to maintain their power and control over the world.

The Bush Dynasty is a must-read for anyone who wants to understand the true nature of power in America. Unger's book is a groundbreaking work of investigative journalism that reveals the hidden history of one of America's most powerful families.

Table of Contents

- Chapter 1: The Patriarch
- Chapter 2: The Rise of the Bushes
- Chapter 3: The Bush Presidency
- Chapter 4: The War on Terror
- Chapter 5: The Hidden Elite

Chapter 1: The Patriarch

Prescott Bush was born in 1895 to a wealthy family in Columbus, Ohio. His father, Samuel P. Bush, was a successful businessman and politician. Prescott attended Yale University, where he was a member of the Skull and Bones society. After graduating from Yale, Prescott worked on Wall Street and became a close associate of the Rockefellers and the Harrimans.

In 1921, Prescott Bush married Dorothy Walker, the daughter of a wealthy banker. The couple had five children, including George H.W. Bush, the future president of the United States.

Prescott Bush was a successful businessman and a prominent figure in the Republican Party. He served as a senator from Connecticut from 1952 to 1963. During his time in the Senate, Prescott Bush was a member of the

Senate Banking Committee. He was also a close associate of the CIA, and he played a role in the agency's covert operations.

Chapter 2: The Rise of the Bushes

George H.W. Bush was born in 1924 in Milton, Massachusetts. He attended Yale University, where he was a member of the Skull and Bones society. After graduating from Yale, George H.W. Bush served in the Navy during World War II. After the war, he worked in the oil industry and became a wealthy businessman.

In 1966, George H.W. Bush was elected to the House of Representatives. He served in the House for six years, and then he was elected to the Senate in 1970. In 1973, President Richard Nixon appointed George H.W. Bush as ambassador to the United Nations. In 1976, President Gerald Ford appointed George H.W. Bush as CIA director.

In 1980, George H.W. Bush was elected vice president under Ronald Reagan. He served as vice president for eight years, and then he was elected president in 1988.

Chapter 3: The Bush Presidency

George H.W. Bush was president from 1989 to 1993. During his presidency, he launched the Gulf War, which was a military operation to expel Iraqi forces from Kuwait. George H.W. Bush also signed the North American Free Trade Agreement, which created a free trade zone between the United States, Canada, and Mexico.

George H.W. Bush was defeated by Bill Clinton in the 1992 presidential election. After leaving office, George H.W. Bush returned to his home in

Texas. He died in 2018 at the age of 94.

Chapter 4: The War on Terror

George W. Bush was born in 1946 in New Haven, Connecticut. He attended Yale University, where he was a member of the Skull and Bones society. After graduating from Yale, George W. Bush worked in the oil industry and became a wealthy businessman.

In 1978, George W. Bush was elected governor of Texas. He served as governor for six years, and then he was elected president in 2000.

On September 11, 2001, the United States was attacked by terrorists. In response to the attacks, George W. Bush launched the War on Terror, which was a global military campaign against terrorism. The War on Terror has led to the deaths of hundreds of thousands of people around the world.

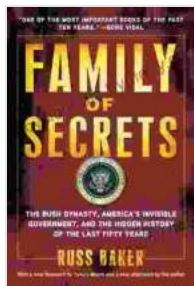

George W. Bush was defeated by Barack Obama in the 2008 presidential election. After leaving office, George W. Bush returned to his home in Texas. He is still active in public life, and he speaks out frequently on issues of national importance.

Chapter 5: The Hidden Elite

Craig Unger argues that the Bush family is part of a hidden elite that controls American life. This elite is composed of wealthy families, powerful corporations, and the intelligence community. They work together to maintain their power and control over the world.

Unger cites a number of examples to support his argument. For example, he points out that the Bushes have close ties to the Rockefellers, the

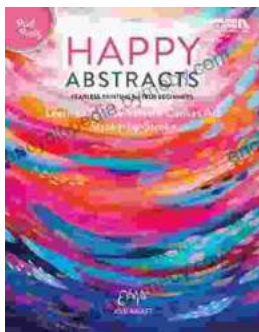

Harrimans, and the Rothschilds. These families are among the wealthiest and most powerful in the world. Unger also points out that the Bushes have close ties to the CIA, the FBI, and the Bilderberg Group. These organizations are involved in shaping American foreign policy and
