In his new book, *The World According to Ben Stein*, the acclaimed actor, writer, and political commentator offers a spirited and witty defense of human nature. Stein argues that despite our many flaws, we are fundamentally good and capable of great things.

Stein draws on history, philosophy, and personal experience to support his claims. He cites examples of human resilience, compassion, and creativity to show that we are not the selfish, greedy creatures we are often made out to be. He also argues that our capacity for evil is not innate, but rather the result of bad choices and circumstances.

The World According to Ben Stein is a refreshing and optimistic book that will challenge your assumptions about human nature. Stein's wit and wisdom will make you laugh, think, and see the world in a new light.

Praise for *The World According to Ben Stein*

"Ben Stein is a national treasure. His wit, wisdom, and optimism are a welcome antidote to the cynicism that pervades our culture." - **Newt Gingrich, former Speaker of the House**

"The World According to Ben Stein is a must-read for anyone who wants to understand the human condition. Stein's insights are both profound and entertaining." - **Dr. Laura Schlessinger, author and radio host**

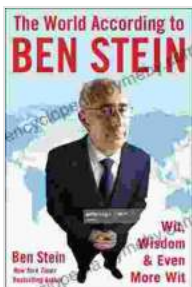

"Ben Stein is one of the most original and thought-provoking commentators in America today. His new book is a brilliant defense of human nature that will make you laugh, think, and see the world in a new light." - **Ann Coulter, author and political commentator**
