Sir Winston Churchill is one of the most iconic figures of the 20th century. As Prime Minister of the United Kingdom during World War II, he led his country to victory against the Nazis. In his new book, *Winston War*, Sir Max Hastings provides an in-depth exploration of Churchill's wartime leadership, from his early days as a young officer to his triumphant return to power in 1951.

Hastings draws on a wealth of new sources to provide a fresh perspective on Churchill's wartime career. He shows how Churchill's determination to defeat Hitler was often at odds with the views of his own generals and the British public. He also reveals how Churchill's personal life was deeply affected by the war, and how he struggled to cope with the deaths of his friends and family.

*Winston War* is a fascinating and insightful look at one of the most important figures of the 20th century. Hastings's vivid prose and meticulous research bring Churchill's wartime leadership to life, and provide a new understanding of his complex and contradictory character.

## **Table of Contents**

1. The Early Years
